D-GT5-GH-03

The Veseat Executive Ergonomic Chair is designed for professionals who demand elevated comfort, full-body support, and modern elegance in their workspace.

With its high-back structure and integrated adjustable headrest, this chair provides complete ergonomic alignment from neck to lower back. The breathable mesh back promotes continuous airflow, while the contoured lumbar support follows the natural curve of your spine for lasting comfort during extended work sessions.

The generously cushioned seat is crafted with high-density foam to deliver balanced pressure distribution and reduce fatigue. Adjustable height and tilt mechanisms allow you to personalize your seating position for optimal posture and productivity.

Built on a durable five-star base with smooth-rolling casters, Veseat ensures both stability and effortless mobility.
